Embracing your individuality

We are passionate about providing safe and exceptional quality care in your home

Do you value the comfort and familiarity of your own home in your time of need?

We at HK Care would love to be part of making that a reality.

We provide exceptional personal care which will be coupled with companionship if required

- We will help with bathing, dressing and grooming
- Assist with your make up and bed time calls
- Support with eating and taking medication
- We will go above and beyond to ensure that all your needs are met, be it shopping, house cleaning or a simple walk to integrate within your own community.

Our company is managed by a team of clinicians that will also provide the extra clinical support you might require in terms of advice.

Call us now at **HK Care** for a free, no obligation consultation and get your first **3 hours of exceptional quality home care for FREE**
